

# NOTICE ON GOODS AND SERVICES TAX

Dear Customer,

The nationwide implementation of the Goods and Services Tax (GST) is set to take effect on 1 April 2015 as part of the country's aim to form an effective, transparent and fair tax structure.

The GST implementation at a standard rate of 6% will see it replace the current Sales and Services Tax, and all tax exemptions abolished.

In line with national tax legislation that mandates businesses with an annual turnover of more than RM500,000 to register for the GST, the Global Transit Group of Companies (GT) has completed the exercise.

Appended below are the GST registration details for GT:

Entity	Company Registration No.	GST Registration NO.
Global Transit Communications Sdn Bhd	687793-W	001325211648
Global Transit Limited	LL06360	001365155840

Kindly be informed that the GST will be levied and apportioned accordingly where subscription fees are paid in advance or billing cycles cross the GST effective date, the sum of which will be reflected in our tax invoices to you.
